Personal and Other Notes In and
About the Executive and Judi-
ciary Buildings.

Major J. C. Potter, secretary of the Foreign Office, never has any news these days excepting that "the relations of Hawaii with the other Powers continue to be cordial."

John A. Hassinger, chief clerk of the Interior Office, is watching the progress of the Session Laws through the press and building an index as he goes along. He and W. George Ashley, Registrar of Accounts, belong to the forlorn Pearl City contingent who cannot run the blockade of microbes to get home without a balloon.

Ministers of state and subordinates who have to climb the ex-royal stairs often are yearning for an elevator. They may some of them get a hoist after the next election.

The wall pictures left from the old regime, being portraits of home and foreign princes and potentates chiefly, make the interiors of the two principal public buildings an interesting study to those who go there on business.

The old legislative hall, which was also the Supreme Court room when the Legislature was not on eggs, is left unto us desolate. Old reporters sometimes peep into it for the purpose of reviving the recollection of remarkable scenes and sounds "long before the war." Its walls are still decorated with some of the royal physiognomies of remote and recent years.

One cannot enter the office jointly tenanted by the Agricultural and Immigration bureaus without a "pull" now. It is not a political pull, however, any more than the "push" required to get out again from the big bugs' headquarters.

Joe Marsden, the agricultural savant, keeps a galvanic battery in the office. A great naturalist once discovered galvanism in a dead frog, but Mr. Marsden has sent all the Government frogs up the valleys to fight pests that are too strong for the bugs to tackle.

Wray Taylor, who is responsible for all the Asiatic immigration, besides being custos rotulorum of elections, made his arm tired filing Chinese portraits and certificates, and was caught stealing Marsden's galvanism. Since that Iowa man stopped advertising his pain balm, Wray could not think of anything better than his co-tenant's galvanism.

Dr. C. T. Rodgers has taken the office next to Judge Cooper's chamber, and is waiting for orders from the new Labor Commission to fulminate reports for firing off at the regular session of the Legislature.

The Judiciary Department's hallways need new matting. There is enough tobacco juice in the old matting to make it worth decorticating for the raw material of cigarettes.

J. A. Thompson, the junior deputy clerk of the Judiciary, already looks as much at home in the higher courts as he did when recording the penalties of transgressors in the District Court. He is clerking for the Supreme Court term.

Judging by the wheel tracks most hack drivers religiously avoid driving the tender feet of their horses over the pavement made to save wear at the foot of the Executive building steps. The ground is beginning to be worn ragged in front of the pavement.

THIS PAPER is kept on file at E. C. DAKES' Advertising Agency, 64 and 65 Merchants' Exchange, San Francisco, California, where contracts for advertising can be made for it.

Short Talks.

TO HAVE BORROWED SAY \$3,000, from the P. B. & L. Association, at their last meeting, would have cost you \$37.50 per month, for say, 10 years, a total of \$4,500 - 3,000 when your mortgage would be cancelled, \$4,500 - \$1500 interest in 10 years, or \$150 interest in 1 year, \$150 = 5 percent on \$3,000.

Popular Topics of the Day.

Honolulu has as many machinists considering the population as any place we know of - and they're good machinists, too, men who can take a steel rod and with the assistance of a lathe fashion it into parts for the most intricate machinery for an engine. To do this, of course, requires a knowledge of tools as well as the handling of them.

In our store room one department contains the most complete assortment of machinists' tools in the city. Look at them and you will find they are all of first quality (the price will give you the impression that they are thirds) every one of them shining like an African's heel. The assortment consists of hammers - all sizes and shapes from the cute little one used by the jewellers to the heavy one which the boiler maker uses in riveting the steel plates together. Then we have the Handy Pipe Wrench, a new device without a fault. This tool will be found a convenient one even in the house where none of the occupants are machinists. Hand vises for machinists can be had of us in every size manufactured, so can Pipe Vises and Cold Chisels. We have every thing used by metal workers in their trade.

Then we have a stock of carpenter's wood working tools second to none in the city - first only in quality. You cannot call for a tool used by a carpenter that we do not have in stock. Another thing you may be interested in is an axe that will hold its edge - a new thing in axes and something every one needs about the house.

Bird cages have been mentioned in another paper; just here we will say that the stock we carry is complete.

		DAUGHTER

DESCRIPTION AND TERMS:
CREOLE is the gamiest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:15 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again 2:15 in stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably pacer as well as a speedy race horse. ("Creole by Prompter out of Grace by Reveneger shows that he is capable of getting a mark of 2:10 and is one of the gamiest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent." - *Reedley and Spactman*, Sept. 25, 1894.) He is 15 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foot getter.
Terms \$50, with usual return privilege. Will make the season at the

CLUB STABLES CO.
